

HAL/TTP004 and HAL/TTP005

Whereas MTR Corporation (Crossrail) Limited under reference HAL/TTP004 and Heathrow Express Operating Company Limited under reference HAL/TTP005 have brought disputes concerning decisions issued by Heathrow Airport Limited in relation to contractual rights to operate to T5 at Heathrow in the May 2022 timetable;

And whereas each of those parties has consented to the references being heard together;

And without affecting the powers of the appointed Hearing Chair to control case management and to determine questions concerning staged hearing of different aspects of these disputes.

I now order pursuant to Rule B20 of the Access Dispute Resolution Rules annexed to the Heathrow Airport Limited Rail Network Code that the Timetabling Disputes registered as HAL/TTP004 and HAL/TTP005 should be resolved together on the grounds that they concern the same or similar subject matter and that it is in the interests of efficient and fair resolution to do so.

Richard Butler
Allocation Chair, Access Disputes Committee
