Dear all,

The Chair, having reviewed all the Parties' submissions, confirms that the issues of law for him to determine are:

1. The meaning and import of Network Code Condition A1.5;
2. The meaning and import of ADR Rule A3(h);
3. The meaning and import of ADR Rules A9(a), A9(b) and A9(c), together with ADR Rule A10.

The remaining issues are ones of mixed fact and law, which constitute the substance of the dispute to be determined.

Please can a representative from each Party acknowledge receipt of this email? There will be no further communication from the Chair ahead of tomorrow.
